Clive Shepherd Defining the learning professional

Clive Shepherd You wouldn't hire an interior designer only to inform them that you've already chosen all the colour schemes and furnishings for every room; you wouldn't engage an accountant and then explain to them how you wanted them to process your figures (unless of course you worked at Enron); you wouldn't employ a

Employ 'push' media to grab learners' attention

notice, advises Clive Shepherd You may never have thought of it this way, but most training is essentially a 'pull' experience It basically sits there, in the catalogue or the intranet, for employees to pull down when they need it - like TV, books and other 'pull media' These have some advantages: they are non-intrusive
